Deployment package for the Gold King Response is attached.

Info is dynamic, but best we have right now. If Dan can fly straight to Farmington it's easier than Albuquerque and driving.

Pete,

Thanks for the note. Let me look for a few volunteers, but I am not sure whether they will be ready to deploy tomorrow.

Can you tell me where they are going and for how long?

I will be your POC for deployments.

Thank you,

Hey Chris:

Having a good summer? We've gotten a bit busy here with the Typhoon response, and now the Gold King AMD spill.

We are going to need and OSC or two for travel tomorrow if you can spare them. I'll call you and/or Calvin after this morning's 0930 and 1000 calls.

Sorry for the late notice, but this just ramped up overnight.
